Bot:

Your stay is completed

Options:

- Refund
- Invoice
- Complaint

FLOW 1 – FIND & BOOK

Step 1

Bot:

Enter your city

Step 2

User enters →

Bot:

Enter dates

Step 3

User enters →

Bot:

Number of guests

Step 4

👉 API:

LISTINGS_SERVICE.search

Step 5

Bot:

Shows top properties

Step 6 (Automation)

👉 Save lead:

- CRM
- Excel

👉 Trigger:

- Reminder (2 hrs)
- Offer (24 hrs)

USER EXPERIENCE (WHAT USER SEES)

✅ Step 1

Bot:

Enter your city

👉 User types: *Delhi*

✅ Step 2

Bot:

Enter your check-in & check-out dates

👉 User selects: *10–12 Jan*

✅ Step 3

Bot:

How many guests?

👉 User types: 2

✅ Step 4 (Processing)

Bot:

Searching the best stays for you... ⌚

✅ Step 5 (Results)

Bot:

Here are some great options:

- Aajoo Villa – ₹2000 – ★4.5
- Aajoo Stay – ₹2500 – ★4.7

Options:

- View more
- Talk to our team

👉 That's all user sees — simple, smooth 👍

2. BACKEND (WHAT SYSTEM DOES)

◆ Step 1 – Store user input

city = "Delhi"

dates = "10–12 Jan"

guests = 2

user_phone = auto

◆ Step 2 – Call API (MAIN STEP)

```
LISTINGS_SERVICE.search({  
  city,  
  dates,  
  guests  
})
```

◆ Step 3 – API returns data

```
[  
  {name: "Aajoo Villa", price: 2000, rating: 4.5},  
  {name: "Aajoo Stay", price: 2500, rating: 4.7}  
]
```

◆ Step 4 – Bot formats response

👉 Converts data into WhatsApp-friendly message

3. CRM + EXCEL (LEAD CAPTURE)

◆ Step 5 – Save lead automatically

```
{  
  name: user,  
  phone: user_phone,  
  interest: "property search",  
  city: "Delhi"  
}
```

👉 Stored in:

- CRM system
- Google Sheets / Excel

Example Excel Entry:

N	Phone	C	Interest	Status
S	98XX X X	D	Search	New Lead

4. AUTOMATION (VERY IMPORTANT)

Condition

👉 IF user does NOT book

After 2 hours

Bot sends:

Hey 🙋 Still looking for a stay in Delhi?
We can help you find the best option 😊

After 24 hours

Bot sends:

Special offer 🎉

Get ₹500 OFF on your booking today

👉 Triggered by:

CAMPAIGN_SERVICE.trigger_drip(user)

◆ IMPORTANT CONDITIONS

✅ CASE 1 – USER BOOKS

👉 STOP all reminders

IF booking_created = TRUE:

stop_campaign

❌ CASE 2 – USER DOES NOTHING

👉 Continue follow-ups

🧠 CASE 3 – USER REPLIES LATER

👉 AI resumes conversation:

Bot:

Still looking for Delhi stays? 😊

•
